# HANS J. BÜNGENER (FOUNDER & CEO)

Mr. Hans Jochen Büngener is the heir to a long tradition in animal health research and pet food development.

Back in the late 19th century, his ancestors developed one of the first specialized pet foods ever available. From then on, the family relentlessly worked to combine tradition and innovation in pet food manufacturing.

As a pet lover, developing and delivering the best nutrition and health products for animals has been a life goal for him.
